Duro-Last® , Inc. Honors Contractors for Exceptional Service with A+ Service Award

SAGINAW, MICHIGAN — Duro-Last recently recognized over 30 contractors with the first-ever Duro-Last A+ Service Award. This award recognizes authorized contractors that participate in Duro-Last's new A+ Service Contractor Program, which was designed to oversee post-installation service requests by building owners.

To earn this recognition, participating contractors must consistently demonstrate excellent quality and timeliness in their workmanship, documentation, and customer service. They work closely with the building owner and Duro-Last to manage all aspects of the service request and ensure that the building owner's needs are met.

"Duro-Last is proud to provide exceptional customer service at all stages of a roofing system investment, including post-installation needs," said Mitch Guettler, Director of Quality Assurance and Warranty Services at Duro-Last. "We understand that customer care doesn't end once the roofing system is installed, and we are committed to partnering with our dedicated network of contractors to ensure that building owners have access to quality care for the lifecycle of their investment."

Congratulations to the contractors recognized with the 2018 Duro-Last A+ Service Award:
